

## The 16th International ACM SIGACCESS Conference on Computers and Accessibility

The ASSETS conference explores the design, evaluation, and use of computing and information technologies to benefit people with disabilities and older adults. ASSETS is the premier forum for presenting innovative research on mainstream and specialized assistive technologies, accessible computing, and assistive applications of computer, network, and information technologies.

ASSETS is sponsored by the Association for Computing Machinery (ACM) and its SIGACCESS Special Interest Group on Accessible Computing. The single track and friendly atmosphere make ASSETS the ideal venue to meet researchers, practitioners, developers and policymakers to exchange ideas, share information and make new contacts.

*March 7, 2014*

Deadline for requesting mentors

*May 9, 2014*

Technical Paper Submission

*June 13, 2014*

Technical Paper Notification

*June 27, 2014*

Poster, Demo, Doctoral Consortium and Student Research Competition Submission

*July 23, 2014*

Poster, Demo, Doctoral Consortium and Student Research Competition Notification
